

### Your future starts here.

Discover the future that awaits you when you study engineering at one of Canada's top schools.

Our Open House introduces you to what UBC Engineering offers students like you: people who want to design, develop and create something new. People who want to use their knowledge to improve lives and solve some of our world's most complex challenges.

Tour our buildings and labs, talk with students and faculty, and get your questions answered. Over the course of your visit, you can learn about:

- our 14 engineering programs
- student life
- co-op and other work experience
- opportunities to study and work internationally
- extracurriculars and clubs
- student Engineering Design Teams

There's nothing like an in-person tour of labs and classrooms or talking with profs and current students to really get a sense of what it would be like to study engineering at UBC. Make the most of your visit!

#### START EXPLORING

### Academic Program Fair

10 AM - 2 PM

Kaiser Building Atrium &

Kaiser Building second floor rooms 2020 / 2030

Meet representatives from each of our 14 programs – from biomedical engineering to mining engineering – and learn about the many career pathways available to you as an engineer.

### **Engineering Design Teams**

10 AM - 2 PM

Chemical and Biological Engineering Atrium,

Civil and Mechanical Engineering Building Atrium

 $\underline{\textit{Engineering Student Centre}} \ \& \ \underline{\textit{Engineering Design Centre Courtyard}}$ 

UBC has more than 30 Engineering Design Teams where students work together on design projects and gain hands-on experience. Teams will be showcasing their work at four locations – stop by and expect to be amazed!

### **Labs and Demonstrations**

10 AM - 2 PM

Chemical and Biological Engineering Building, Earth Sciences Building, Fred Kaiser Building, ICICS, MacLeod Building, & Norman B. Keevil Institute of Mining Engineering

Visit our world-class labs and watch demonstrations to see engineering in action.

### **Discover New Spaces**

10 AM - 2 PM

MacLeod Building

Explore the recently renovated MacLeod Building and see our new engineering classrooms, labs and study spaces.

Sit in a lecture hall to watch recordings from our <u>Virtual Open</u>

<u>House</u> about <u>UBC Engineering Admissions</u> or <u>Why Engineering</u> in MCLD 2018 and MCLD 2002.

Discover the potential of engineering and discover your potential to make a difference.

### A PROFESSIONAL DEGREE FOR THE FUTURE

Come talk with faculty members, staff and students at our Academic Program Fair. This is a great opportunity to learn more about the wide range of engineering programs offered at UBC and discover some of the career pathways available with a degree in engineering.

#### LIST OF ACADEMIC PROGRAMS AND SERVICES

**Bachelor of Urban Studies Chemical and Biological Engineering Civil Engineering** Co-op Program **Electrical and Computer Engineering Engineering Academic Services Engineering Physics Environmental Engineering Geological Engineering Integrated Engineering Manufacturing Engineering Materials Engineering Mechanical Engineering** Mining Engineering **School of Biomedical Engineering School of Engineering (Okanagan) UBC Geering Up-Engineering Outreach** 

- #2 **MacLeod Building**
- #3 Civil and Mechanical Engineering Building
- **Engineering Student Centre**
- **Engineering Design Centre**
- #6 Chemical and Biological Engineering Building

Gender-inclusive washrooms can be found on the first floor of MacLeod and Chemical and Biological Engineering buildings.

Most of our building entrances are accessible, but you can also map out an accessible route using UBCs Wayfinding website (maps.ubc.ca)

Academic Program Fair - Booth Locations

### **KAISER ATRIUM**

DISCOVER THE 14 ENGINEERING PROGRAMS THAT WE HAVE TO OFFER

Take the opportunity to explore your options, ask questions to the programs and discover the range of engineering available to you. offered at UBC and discover some of the career pathways available with a degree in engineering.

## KAISER 2020/2030

### **PROGRAM BOOTH KEY**

ADVISING - Engineering Academic Services

**Bachelor of Urban Studies** 

**CHBE - Chemical and Biological Engineering** 

**CIVL - Civil Engineering** 

ICICS/CS

**ECE - Electrical and Computer Engineering** 

**ENPH - Engineering Physics** 

ENVL-Environmental Engineering

**GEOE - Geological Engineering** 

**IGEN - Integrated Engineering** 

**MANU - Manufacturing Engineering** 

**MINE - Mining Engineering** 

**MECH - Mechanical Engineering** 

MTRL - Materials Engineering

SBME - School of Biomedical Engineering

SOE - School of Engineering: UBC's Okanagan Campus

GEERING UP: UBC Geering Up - Engineering Outreach

Find your community at **UBC** Engineering - a place where you'll be supported and challenged to make a difference.

### **ENGINEERING DESIGN TEAMS AND E-IDEAS CLUBS**

Head over to the Engineering Student Centre, Civil and Mechanical Engineering Building Atrium, Chemical and Biological Engineering Atrium, Engineering Design Centre Courtyard and Kaiser Room 1180 to check out UBC's Engineering Design Teams. UBC Engineering has more than 30 teams you can join to work on projects with your peers.

From building soccer-playing robots to developing an innovative drug delivery system to tackle brain cancer, student teams work together to solve complex problems.

### LIST OF ENGINEERING DESIGN TEAMS

Engineering Undergraduate	<b>UBC Orbit</b>
Society	<b>UBC Rapid</b>
Formula UBC Racing	<b>UBC Rover</b>
Mars Colony	<b>UBC Sailbot</b>
Open Robotics	<b>UBC Seismic</b>
SUBC	<b>UBC Solar</b>
UBC AeroDesign	<b>UBC Steel Bridge</b>
UBC Agrobot	<b>UBC Smart City</b>
UBC AISES	<b>UBC Subbots</b>
UBC Baja	<b>UBC Supermilea</b>
UBC Biomedical Engineering	<b>UBC Thunderbik</b>
Student Team	<b>UBC Thunderbot</b>

**UBC BIOMOD UBC Concrete Canoe** 

**UBC Concrete Toboggan** 

**UBC Formula Electric** 

ge kes

**UBC Thunderbots UBC Uncrewed Aircraft** 

**Systems** 

**Women in Engineering** 

**UBC** 

#2 **MacLeod Building** 

#3 Civil and Mechanical Engineering Building

**Engineering Student Centre** 

**Engineering Design Centre** 

#6 Chemical and Biological Engineering Building

Gender-inclusive washrooms can be found on the first floor of MacLeod and Chemical and Biological Engineering buildings.

Most of our building entrances are accessible, but you can also map out an accessible route using **UBCs Wayfinding website (maps.ubc.ca)** 

Engineers are changing the world - designing the products, processes and technologies that are building a better future.

#### LABS AND DEMONSTRATIONS

Drop by some of our world-class labs and visit the locations below to watch demonstrations and see engineering in action:

### 10 AM - 2 PM

Chemical and Biological Engineering Demonstrations Liquid Nitrogen Ice Cream Chemical and Biological Engineering Atrium

Chemical and Biological Engineering Undergraduate Lab Chemical and Biological Engineering Building room 102 Meet in the classroom before proceeding to the lab

**Engineering Physics Robot Demonstration** Fred Kaiser Building second floor

First-Year Projects Engineering Design Centre

Mechanical Engineering Machine Shop Fred Kaiser Building room 1190

Mechanical Engineering Undergraduate Lab Fred Kaiser Building room 1180

Electrical and Computer Engineering Makerspace MacLeod Building Room 1018

Electrical and Computer Engineering Labs Fred Kaiser Atrium Program Booth - ECE

Coal and Mineral Processing Lab Fred Kaiser Atrium Program Booth - MINE

Geological Engineering - Earth and Ocean Sciences Tours Fred Kaiser Atrium Program Booth - GEO

Biomedical Engineering Lab Tour Fred Kaiser Atrium Program Booth - SBME Lab tour followed by a walk to the new Biomedical Engineering Building. Tours at 11 am and 1 pm.

Fred Kaiser Building

#2 MacLeod Building

- #3 Civil and Mechanical Engineering Building
- **Engineering Student Centre**
- **Engineering Design Centre**
- #6 Chemical and Biological Engineering Building

Gender-inclusive washrooms can be found on the first floor of MacLeod and Chemical and Biological Engineering buildings.

### RECORDED PRESENTATIONS

Stop in to an undergraduate lecture hall to watch select recordings from our Virtual Open House playing on repeat throughout the day.

**UBC** Engineering Admissions MacLeod room 2018

Why Engineering MacLeod room 2002

Ready to get started? Check out the links below to learn more about admissions and the application process, and to get inspired by all offered at UBC Engineering.

# **ADMISSIONS**

Find out about admissions requirements for <a href="https://example.com/high-school students">high</a> school students or <a href="transfer students">transfer students</a>

### **APPLY**

Learn about the application process and deadlines

## **EXPLORE**

Watch our videos from our <u>Virtual Open House</u>
Read about our <u>incredible students and alumni</u>
Find the **design team** of your dreams

# JOIN US

We hope you'll join us on campus in September 2025!

Until then, stay up to date with the latest by following Engineering Stories on **YouTube**, **Instagram** and **TikTok**. Subscribe for updates by signing up for our **Email list**.
