

The University of British Columbia  
Faculty of Applied Science (Engineering)

**PRE-MED ALTERNATIVE PATH APPLICATION FORM**

To be used in conjunction with an application for admission to the first year of the B.A.Sc. program in Engineering by students admitted from high school.

---

**UBC Student Number:** \_\_\_\_\_

**Last Name:** \_\_\_\_\_ **First Name:** \_\_\_\_\_

**Address:** \_\_\_\_\_

**Email:** \_\_\_\_\_ **Telephone:** \_\_\_\_\_

---

Your application documents (application form, resume and essay) should be emailed in a single PDF by May 15 at 11:59pm and sent to: [students@apsc.ubc.ca](mailto:students@apsc.ubc.ca)

**1. Submit a two-page resume containing the following information:**

- Name
- UBC reference/student number
- Contact information
- Education
- Employment record
- Awards, Scholarship, and Achievements
- Significant Extracurricular Activities
- Biology 12 (May be completed during the summer prior to entering the BASc program. If so, indicate here )

**2. Please write an essay (maximum 1000 words) discussing the following questions:**

*What would you have to offer the medical profession as a graduate of this engineering program? Also, your workload will be higher than other engineering students because of the extra courses you will need to take and because of the non-curricular components of medical school application in which you will be involved. How will you handle the extra workload?*

Please restrict to one-inch margin, single-spacing, and 12-point font only on standard letter sized paper (8 ½ x 11 inches).

- 3. Please submit a PDF copy of your secondary school transcript.** (An Original Official Transcript will already be with UBC's Enrolment services Department for your UBC BASc application so an original is not necessary)
